Attics and Crawlspace...

A Remediation Challenge!

Is it a “living space” or not?

Do we always have to remove the insulation?

What’s a reasonable clearance criteria?

How do we solve the underlying moisture problem?

Current attic remediation approaches

- Sanding, Scrubbing, Brushing or Blasting...

- Low Profit,
...**zero fun.**

Introducing **ATTIC ATTACK!**

- A New **Methodology**
- Consistent with **Standard of Care**
- Studied, Tested, **Verified and Endorsed**
- Utilizes **New Technology**
- Better results, **More Profit**

ATTIC ATTACK!

- **NO** sanding, brushing or blasting
- **NO** expensive, cumbersome equipment
- **NO** hazardous chemicals
- **LESS** Time, Labor, and Liability
- **LESS** Costs

ATTIC ATTACK! How it Works

1. Isolation
2. Air exchange
3. HEPA Vacuuming
4. Concrobium Mold Stain Remover
5. HEPA Vacuuming / Detail Cleaning
6. Concrobium Mold Control (fog)
7. Post remediation verification

Innovative Technology

Concrobium® Mold Stain Remover

- Removes mold staining
- Facilitates Physical Mold Removal
- No scrubbing
- Leaves no toxic chemicals

Concrobium Mold Control®

- Prevents mold (EPA fungistat)
- Can be applied to damp surfaces
- Ideal for chemically-sensitive
- Zero VOCs, zero Odor
- Can be applied with fogger

ATTIC ATTACK! In Action

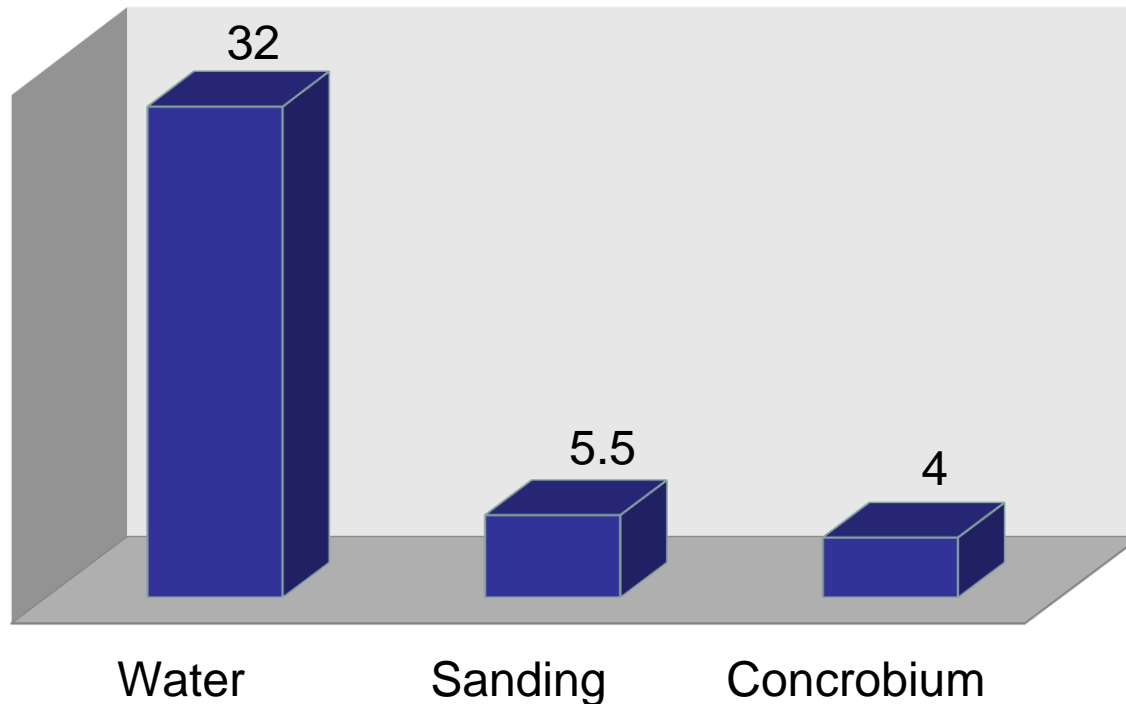

Before

After!

ATTIC ATTACK! is Effective

Mold Fragments Remaining
After HEPA Vacuuming

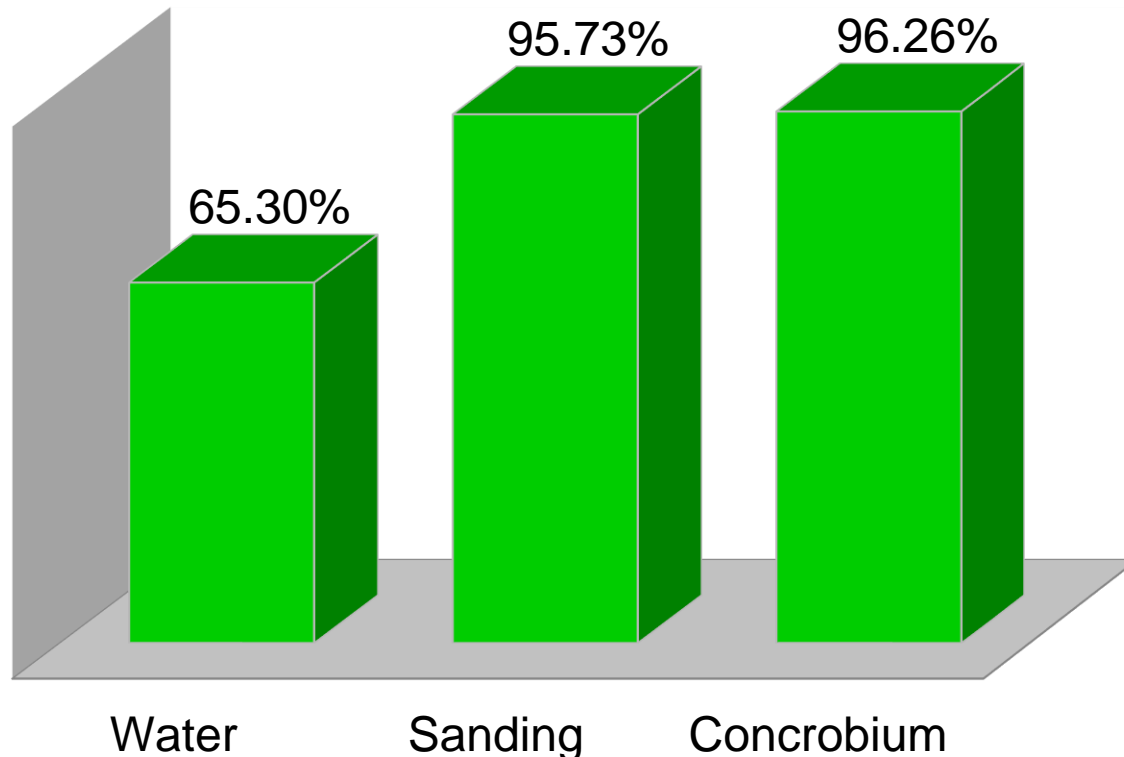

**Results from 2013 Study*

ATTIC ATTACK! is Effective

Mold Removal Efficacy % Removal

ATTIC ATTACK! is Cost-Effective

Cost Comparison of Attic Remediation Approaches – 600 sq ft Attic

| | Dry Ice | ATTIC ATTACK! |
|--------------------------------|--|--|
| Total Labor + Material Cost | \$3,556.78 | \$1,253.87 |
| | <ul style="list-style-type: none">No antimicrobial used post-treatment | <ul style="list-style-type: none">Includes application of Mold Stain Remover, fogging Mold Control and post-cleaning |

The **ATTIC ATTACK!** Opportunity

- Deliver superior consistent results
- Improve worker safety, reduce liability
- Improve building occupant safety
- Reduce labor costs
- Increase Profit.
- **Expand your market!**
